

SIP Industries
Quality Manufacturer Since 1960

Certificate of Compliance : Cast Iron Municipal Castings

Date

SIP certifies that our Cast Iron Municipal Castings are designed, manufactured, and distributed as per the Waterworks industry standards. All castings are tested and traceable by casting markings to the below standards. Please refer to our website www.sipindustries.com for up to date product data and technical advisories.

- Material : Castings are produced with either Gray Iron ASTM A48 CL30 B/CL35 or Ductile Iron ASTM A536
- Standards : Some castings are produced to meet the applicable American Association of State Highway and Transportation Officials (AASHTO) provisions.
- Castings are coated with asphaltic bituminous coating with minimum 1.5 mil thickness or left bare iron depending on casting.
- American Disability Act - ADA Compliant options
- Water-tight and security locking options
- EPA regulatory logos and regional markings
- Dimensions are made to industry standards and regional municipality requirements

- Categories
- Manhole Rings & Covers – Standard or Logo Covers
 - Frames and Grates
 - Cleanout and Monument Boxes
 - Water Meter Covers and Boxes
 - Trench Grates and Tree Grates
 - Drainage Grates and Curb Inlets
 - Detectable Warning Plates
 - Regional Valve Boxes

Made in India and USA
